30% and 35% raises go into effect upon completion of \$400 in personal sales achievement of a new recruit. Manager overrides go into effect in the month of achievement of qualifications. Qualification month is defined for JFE, Field Executive and higher when all recruits required for each level qualify.

Personal Recruits must be On-Track.

\*\*An On-Track Aloette Consultant has \$400 in Personal Sales.

\*\*\*Junior Field Executive program entrance is based on three recruits and \$4,000 in personal staff sales, of which a minimum of \$1,000 must be personal sales.

^Upline override payout on Personal JFE is 3%. Once JFE qualifies as FE or above upline override will advance to personal breakaway reflected on all levels.

^^Title advancement is generated with promotion of Junior Field Executive within 1st generation team.

^^At Field Executive Level and higher, personal staff shipments and all breakaway staff shipments must satisfy all minimums to qualify for monthly overrides.

^^If personal staff shipments fall below qualifications manager can re-qualify within the set guidelines.

^^Requalification and roll up requalification is within 3 months.
